LUKAS RUŽAUSKAS

Software Developer · Product Owner · Systems Analyst · AI Product Engineer

lukas@ruzauskas.lt · ruzauskas.lt · github.com/Neutronas · linkedin.com/in/lukas-ruzauskas/

10+ years in software development. Product owner for B2B engineering platforms by day, full-stack web apps, AI-powered tools, real-time networked systems, Linux configurations and self-hosted deployments as side projects.

EXPERIENCE

3DS

Product Owner / Systems Analyst
Sep 2018 — Present

Dassault Systèmes

- Requirements, architecture and feature planning for CATIA Magic / MagicDraw — industry-leading MBSE platform
- Drive persistence, collaboration and performance roadmap across a globally distributed team
- Work directly with senior engineers and engineering managers at **NASA JPL, Boeing, Airbus, Apple, Volkswagen Group, BMW, Renault, KNDS, Northrop Grumman** and other aerospace, defense and automotive leaders

iS

Software Developer
Jan 2022 — Dec 2023

iSystem

- Full-stack TypeScript monorepo: React, Nest.js, NX, PostgreSQL

PPM

React Developer
May 2020 — Dec 2021

PPM

- React + TypeScript business web applications and data dashboards

KTU

Academic Assistant
Sep 2017 — Jun 2020

Kaunas University of Technology

- Lectured workshops on relational databases, SQL and web development

ES4B

Web Developer
Sep 2016 — Mar 2018

ES4B

- Full-stack delivery of CRM systems, e-commerce and client websites

DM

Web & Server Administrator
Sep 2013 — Aug 2015

Digimedia

- Linux game server administration and WordPress-based web portal tooling

EDUCATION

KTU

Kaunas University of Technology, MSc in Information Systems Engineering
Sep 2017 — Jun 2019

Master's thesis: Model-Based Fault Tree Analysis (MBSE). Graduated with honours.

KTU

Kaunas University of Technology, BSc in Informatics
Sep 2013 — Jun 2017

Software engineering, databases, algorithms, networking, computer architecture.

SKILLS

TypeScript · JavaScript · React · Next.js · Svelte · Node.js · Nest.js · PostgreSQL · Python · C# · SQL · LLM integration · Product ownership · Agile
