

Lukas Ružauskas

Software developer, systems analyst & AI product engineer

lukas.ruzauskas@gmail.com · ruzauskas.lt · github.com/Neutronas · linkedin.com/in/lukas-ruzauskas/

SUMMARY

Systems analyst and full-stack engineer with 10+ years of shipping software - from MBSE tooling at Dassault Systèmes to AI-powered SaaS and city-scale apps. Comfortable across the stack: requirements, architecture, frontend, backend, infrastructure. Born 1994 in Kaišiadorys, Lithuania; based in Kaunas.

EXPERIENCE

iSystem — Software Developer

Jan 2022 - Dec 2023

- Developed a product tools management system in a full-stack TypeScript monorepo
- Built scalable REST APIs and dynamic React frontends with shared NX libraries
- Worked within a structured team following agile delivery practices

Tech: TypeScript · React · Nest.js · NX · PostgreSQL

PPM — React Developer

May 2020 - Dec 2021

- Frontend development of business web applications
- Built and maintained React component libraries and data-heavy dashboards

Tech: React.js · TypeScript · REST APIs

Dassault Systèmes — Product Owner / Systems Analyst

Sep 2018 - Present

- Product Owner and Systems Analyst for CATIA Magic / MagicDraw - the industry-leading MBSE tool
- Eliciting requirements and translating stakeholder needs into actionable features
- Driving architecture decisions for persistence, collaboration and performance features
- Writing specifications, maintaining the knowledge base and producing technical documentation
- Direct customer engagement and enterprise support for global clients

Tech: CATIA Magic · MagicDraw · SysML · UML · MBSE · Jira

Kaunas University of Technology — Academic Assistant

Sep 2017 - Jun 2020

- Led practical workshops for undergraduate computer science students
- Taught relational database design, SQL and normalisation
- Introduced students to server-side web development with PHP

Tech: SQL · MySQL · PHP

ES4B — Web Developer

Sep 2016 - Mar 2018

- Full-stack development of CRM systems, e-commerce platforms and custom client websites
- Built integrations with third-party services and payment gateways
- Owned entire delivery cycles - from scoping to deployment - while finishing studies

Tech: PHP · JavaScript · MySQL · WordPress · REST APIs

Digimedia — Web & Server Administrator

Sep 2013 - Aug 2015

- Volunteered at a Lithuanian gaming portal while starting university
- Managed and maintained multiplayer game servers
- Built internal web tooling and automation scripts for portal administration

Tech: PHP · HTML/CSS · Linux · Game server administration

EDUCATION

Kaunas University of Technology - MSc in Information Systems Engineering

Sep

2017 - Jun 2019

Graduated with honours.

Sourcery Academy (Devbridge)

Feb 2016 - May 2016

React.js + Redux, ASP.NET Core 1.0, Entity Framework 7.

Kaunas University of Technology - BSc in Informatics

Sep 2013 - Jun 2017

Bachelor's degree in Information Technology at Kaunas University of Technology.

Atžalynas Secondary School

Sep 2009 - Jun 2013

Graduated with a GPA of 9.8/10.

SKILLS

Languages: TypeScript · JavaScript · PHP · C# · SQL · Python

Frontend: React · Next.js · Svelte / SvelteKit · Redux

Backend: Node.js · Nest.js · ASP.NET Core · Supabase · PostgreSQL · MySQL

Systems / MBSE: SysML · UML · MagicDraw / CATIA Magic · Fault Tree Analysis

Practice: Product ownership · Requirements · Architecture · Agile delivery · Customer support

SELECTED PROJECTS

Burnmark 2026 · next.js, socket.io, game

Two-player online co-op escape thriller. One plays the Detective at a fake-OS desktop, the other plays the Victim locked in a room - voice only between them, no chat. Information asymmetry by design: each side holds half of every puzzle. Web first, Steam port planned.

Live: <https://burnmarkgame.com>

ScanKaunas 2025 · next.js, supabase, game

City exploration game for Kaunas - scan QR codes for facts, audio and secrets. Achievements, leaderboard, admin panel, LT/EN.

Lithuanian Wordle 2022 · next.js, game

A Lithuanian word-guessing game inspired by Wordle.

Live: <https://zodis.ruzauskas.eu>

TF2 Elo System 2019 · gaming, elo, tf2

Elo ranking system for TF2 6v6 competitive teams. Ingested scrim and official match logs to compute ratings and rank teams by who they beat.

Už saugią Lietuvą 2015 · civic, interactive

Interactive survey system for the nationwide "Už saugią Lietuvą" campaign. Received a gratitude letter from President Dalia Grybauskaitė.

Kiberzona admin 2010 · community, minecraft

One of the administrators of Lithuania's biggest gaming community at the time, running and maintaining its servers and websites ecosystem: Minecraft, Counter-Strike:Source, Team Fortress 2, GTA San Andreas and others.
